Dear Hudson

I wish you all a very Happy New Year. I also hope thy head is much easier than it has been since thee got home. How I wish thee could come on here with thy plates so that we could develop them together. I have got a new camera, it is a second hand one but I got it cheap from a fellow that wanted a camera I had to sell in the store. It has nearly 4 in more draw to it than my old one had. The front slides out till you have it nearly in focus then it can be worked at the back by the Rack & Pinion movement which allows of finer focusing. The lense is a very good one of the kind that is a Rotchester Optical Co. it only cost him $4.00 I have only used the Camera once but it works fine I will try & inclose a print from it. The plate came up slow but I tried several different strengths of developer. I used the Eikonogen Hydro Could you let me have the Book Wilde Long for a little while if thee is not going to use it thy self. As I would like to take some exposures at the Fire Engine Houses & Machines. I went to make up a book of them which I think I could

I am very sorry to see that the Films have begun to turn brown as I gave them a long washing. How are Harry & Arnold Hensy. Thank Harry from me for my present of stamps as I did not have some of them. I wish I could get into a big Photo stock house in new York or Philo. I am trying to get an insight into Chemistry. What would an English Crown of 1839 be worth, it is not scratched but is dirty as I told the fellow not to clean it till I got an answer from you. The Stamp buisness is not very bright but as soon as I get some money I will try & pay Harry what I owe him Ask him if he can send me the following lot of script 1st issue 25¢ green unperforated as all the perforated ones 3rd issue 5¢ red Back, 4th issue ~~10¢~~ 10¢ Large oval blue end, 5th issue the 50¢. The people here are having the Grype very bad. There are over 2000 cases here and it is still increasing. We are all very well mother is feeling bad about Grandpa. We had a pleasant Christmas here. I enclose some sets of stamps hoping Harry may find some he has not got. 25% discount. Hoping to hear from you soon

I remain

Dear Cousin Harry

I got your letter this morning [illegible] to you about for thinking of me in the way of camera. The one I spoke to you about when you were here I think that a fellow is comming in tomorrow for it but I could get one like it for $27.00 with only one holder. This one had 3 holders and was only $25.00 if the fellow does not take it I will send a card. I send a picture taken with it please return it when you have shown it. Mother wants me to ask you if you will return the 1000 mile book if at you borrowed as she wants to use it. Write and let me know about the camera. That was a very good shot you made in the 1000. Deal

I will have to close to catch mail we are all well hope you are same

Dear Harry

The Camera I have is a Wood Hawk Eye, with Blair's Rapid Detective Lens, 3 holder almost new. I thought you remember the Camera. I sent the picture on after the letter. I think the Camera is a very good one & will do very good work. It has a drop front. The Hawk Eye is ~~[illegible]~~ without doubt the best [illegible] camera made. [illegible] pay ma for the stamps I got from you. Hope [illegible] Miss Ellie says there have been a lot of fine girls here [illegible] says that to cure you of your foolishness [illegible] girls.
